

LOCAL AND MISCELLANEOUS.

AGENTS.—The following named gentlemen will act as our agents for receiving subscriptions and advertisements for the Times. Their receipts will be considered as valid.

JAMES SAWYER, general agent for Ottawa Co.
JOHN HARNARD, Robinson.
A. X. CARY, Grand Rapids.

The steamers *Oliver Branch* and *Michigan* leave this place at about 12, m., as follows:
Michigan, going east, going west,
Mondays, Tuesdays,
Wednesdays, Thursdays,
Fridays, Saturdays.

Oliver Branch, going east, going west,
Tuesdays, Mondays,
Thursdays, Wednesdays,
Saturdays, Fridays.

PERSONAL.—Mr. M. H. MONEY, late of the Eaton Rapids *Argus*, a gentleman whose acquaintance we made at the editorial convention in Jackson, called on us today. He is a good democrat, and we anticipate having a social time before we part company.

The district school in this village commences next Monday, under the superintendence of Mr. COLGROVE, of Grand Rapids.

Having a pamphlet of some 80 pages to print, we shall issue only an extra next week.

Snow.—We mentioned in our paper last week that snow fell in this place on Monday, Oct. 19. We notice by our exchanges that the storm occurred at different places as follows:

West Union, Iowa, Sunday, Oct. 18.
Fox Lake, Wis., Sunday, Oct. 18.
Saginaw, Mich., Monday eve, Oct. 19.
Keene, N. H., Tuesday, Oct. 20.

Snow in Iowa.—We learn by Mr. MONEY, who was in Chariton, Iowa, near the southern part of the state, that a snow storm occurred in that place on Sunday, Oct. 18. The snow was three inches deep on Monday morning.

ARTHUR ALLEN, of Roseville, who has a contract on the D. & M. Railway, in this town, states that the work on this road is still progressing as rapidly as ever. We had heard that the recent failures had operated unfavorably to the road, but are glad to learn that the work is yet going on. Mr. Allen says that there is a fair prospect that the road will soon be in running order from Lowell, its present terminus, to Thornapple, nine miles east of Grand Rapids.

A RARE CHANCE.—By an arrangement made with the publishers of *Emerson's Magazine* and *Putnam's Monthly* we are authorized to club that valuable periodical with our paper. New subscribers will be furnished with both the Magazine and the Times at \$3.25 advance payment. The subscription price of the Magazine alone is \$3. Hand in your money.

THE ATLANTIC MONTHLY.—The November, or initial number of this new magazine is received. In its outward appearance it differs widely from the other periodicals of the day;—not as showy, but chaste, classic, and faultless. The reading matter is even far superior to what we had been led to expect. The work is devoid of ornament or pictorial illustration, (so often given to attract the superficial reader), but it is illustrated and sparkles throughout with living thought.

The work may be obtained of booksellers and newsmen in the principal cities and villages of the union, at 25 cents a number, and of the publishers, Phillips, Sampson & Co., Boston. \$3 a year.

ARTHUR'S Lady's Home Magazine for Nov. is on our table. It is well (not showily) illustrated, and contains a large amount of good reading. For the price, it is perhaps the cheapest magazine in the country. Virginia F. Townsend, one of the most popular writers of this age, is one of the editors.—T. S. Arthur & Co., Philadelphia, publishers.—Price \$2 a year.

EDITOR OF TIMES.—Dear Sir: If cholera or yellow fever were in our midst or on its march towards our city, almost the only question would be the means by which the pestilence might be averted. Every one would be on his guard, and would gladly seek for any reliable information upon so important a subject. Our Board of Health would publish carefully drawn rules for our observance, and our papers would be filled with opinions, letters or essays from every quarter where instruction could be drawn. But there is a plague that is now annually sweeping from our midst more victims than cholera or yellow fever ever carried off in any ten years, and yet no one seems to be in any degree aware of the importance of timely measures to avert it. There are in the United States at the present moment not less than a quarter of a million of consumptives or of persons laboring under some form of disease of the throat or lungs, which will speedily result in consumption, and I am safe in saying that thousands of these might be saved if they but understood the nature and causes of the disease, and would act upon that knowledge.

In view of these facts, therefore, I propose to furnish in a series of letters such information as shall enable those in any degree inclined to consumption to be on their guard against, and to ward off the disease. I shall also point out the nature of consumption, and offer such proofs of its curability as may afford reasonable encouragement and hope to any actually laboring under the disease. I shall endeavor to show under what circumstances it is curable, and give also such directions as may be necessary for the prevention or relief of various other affections which predispose to that disease. I had designed to commence the publication of these letters earlier, but a pressure of professional duties has prevented. I hope, however, to be able to furnish an article each week until I shall have fulfilled the promise above given.

Very truly yours, C. M. Fitch, M. D.,
104 Monroe st., Chicago, Ill.

CONSOLIDATION OF EMERSON'S MAGAZINE AND PUTNAM'S MONTHLY.

40,000 SUBSCRIBERS TO START WITH!

The Publishers are happy to announce that in the union of these favorite Magazines, the best literary and artistic talent of both publications has been secured, and the more attractive features of each will be retained in the consolidated work.

It will aim to present in its pages the choicest productions of American thinkers and writers, and the best efforts of American artists.

It will be purely national in its character; in its criticisms it will aim to be just and truthful, and will be careful to preserve and cultivate that wholesome moral and religious tone so highly cherished by the American public, and so essential to the welfare of the race.

We shall endeavor, by a sagacious use of the extensive resources now at our command, to make a Magazine that, in the richness of its literary contents, and in the beauty and profuseness of its pictorial illustrations, shall outrival any publication ever published in this country.

The new issue commences with the October number, which is now ready. It is filled with the choicest productions of some of the most brilliant writers of the day, and is embellished with forty-four splendid original engravings. It appears in a new dress, embracing an elegant classical design on the cover, and the entire work presents the most attractive appearance. It is pronounced by all who have seen it to be the most beautiful specimen of a Magazine ever issued in this country.

Price, \$3 a year. Club price, \$2. Single copies, 25 Cents.

THE GREAT LIBRARY OFFER.

The combined issue of "Emerson's Magazine and Putnam's Monthly" starts with a circulation of over forty thousand copies, and we are determined to spare no expense in any of its departments to place it at the head of American Magazines. With this view, we now make the following extraordinary offer: To any person who will get up a club of twenty-four subscribers, at the rate of \$3 a year, either at post or pre-payment, we will present a splendid Library, consisting of forty large bound volumes, embracing the most popular works in the market. Any one, with the October number as a specimen, can easily form such a club, in almost any section. A copy of this number together with a list and full description of the Library, will be forwarded on receipt of 25 cents. J. M. EMERSON & Co., Publishers,
312w4 No. 371 Broadway, New York.

THE COMBINATION PATENT PORTABLE UPRIGHT STEAM SAW-MILL.

This mill is now acknowledged to be the cheapest, most practical and efficient lumber manufacturing machine in the world. It is the only portable reciprocating mill that has ever met with portable success. Its entire cost, with fifteen horse power, warranted to saw from three to four thousand feet of inch boards in twelve hours, the entire establishment complete, ready for running, is but \$1,650.

ROSS' PORTABLE BURR-STONE MILL, for which over seventy premiums have been awarded in this country and Europe. It will grind with less than half the power, and make better flour and meal than any other mill. It is the most durable and the cheapest mill in the market. Prices range from \$100 to \$170.

PHILLIPS, SAMPSON AND COMPANY

Will commence the issue, on the first of November, of a new Magazine, to be called

THE ATLANTIC MONTHLY.

It will be devoted to Literature, Art, and Politics. The aim of the Periodical will be,

First: In Literature, to leave no province unrepresented, so that, while each number will contain articles of an abstract and permanent value, it will also be found that the healthy appetite of the mind for entertainment in its various forms of Narrative, Wit, and Humor, will not go uncared for. They wish to say, also, that while native writers will receive the most encouragement, and will be mainly relied on to fill the pages of the ATLANTIC, the publishers will not hesitate to draw from the foreign sources at their command, as occasion may require, relying rather on the competency of an author to treat a particular subject, than on any other claim whatever. In this way they hope to make their Periodical welcome wherever the English tongue is spoken or read.

Second: In the term Art, they intend to include the whole domain of aesthetics, and hope gradually to make this critical department a true and fearless representative of Art, in all its various branches, without any regard to prejudice, whether personal or national, or to private considerations of what kind soever.

Third: In Politics, the ATLANTIC will be the organ of no party or clique, but will honestly endeavor to be the exponent of what its conductors believe to be the American Idea. It will deal frankly with persons and with parties, endeavoring always to keep in view the moral element which transcends all persons and parties, and which alone makes the basis of a true and lasting national prosperity. It will not rank itself with any sect or parties, but with that body of men which is in favor of Freedom, National Progress and Honor, whether public or private.

TERMS.—Three dollars a year, or twenty-five cents a number, and may be obtained of Booksellers, Periodical Agents, or of the Publishers.

Important to Everybody.

For the last three years, I have been engaged in a business known only to myself, and, comparatively, few others, whom I have instructed for the sum of \$200 each, which has averaged me at the rate of \$2,000 to \$3,000 per annum; and having made arrangements to go to Europe in the Spring of 1858, to engage in the same business, I am willing to give full instructions in the art to any person in the United States or Canada, who will remit me the sum of \$1. I am induced, from the success I have been favored with, and the many thankful acknowledgments I have received from those whom I have instructed, and who are making from \$5 to \$10 per day at it, to give to any person an opportunity to engage in this business, which is easy, pleasant and very profitable, at a small cost. There is positively NO HUMBUG in this matter. References of the best class can be given as regards its character, and I can refer to persons whom I have instructed, who will testify that they are making from \$5 to \$15 per day at the same. It is a business in which either ladies or gentlemen can engage, and with perfect ease make a very handsome income. Several ladies in various parts of N. York State, Pennsylvania, Maryland, whom I have instructed, are now making from \$3 to \$6 per day at it. It is a GENTLE BUSINESS, and but a few shillings is required to start it. Upon receipt of \$1, I will immediately send to the applicant a printed circular containing full instructions in the art which can be perfectly understood at once.

Our stock is unusually large, and was selected with the greatest care with a direct view to the wants of our customers; our experience having taught us that the best goods invariably give the best satisfaction.

To our friends in Zeeland, Blendon, Allendale, and other towns, we would say that the bridge across the bayou on the south side of the river, opposite the store, is now being completed, thereby rendering our place easy of access,—with a smiling ferryman ever ready and willing to ferry our customers at all times to and from the store, free of expense.

The centrality of Eastmanville renders it more convenient for a greater portion of the inhabitants of Ottawa county to do their trading here, than at any other point on Grand river. Shinglemen can come in, in the morning, take cash or produce for their shingles, and return home the same day, thus making a great saving of time and expense.
